Please read the Full Prescribing Information and Medication Guide in the kit.

Split Dose (2-Day) Regimen

Begin Step 1 at 4PM in the evening before your procedure and proceed as described below:

- On the evening before the procedure (or when your doctor tells you to begin) complete steps 1 through 4 using one (1) 6-ounce bottle before going to bed
- On the morning of your procedure, repeat steps 1 through 4 using the other 6-ounce bottle
Step 1: Pour one (1) 6-ounce bottle of SUPREP liquid into the mixing container

Step 2: Add cool drinking water to the 16-ounce line on the container and mix

Step 3: Drink ALL the liquid in the container

Step 4: IMPORTANT! You must drink two (2) more 16-ounce containers of water over the next 1 hour.

Begin Step 1 at 2:00 - 3:00 AM the morning of your procedure and proceed as described above.

NOTE: Dilute the solution concentrate as directed prior to use

NOTE: You MUST finish drinking the final glass of water at least 2 hours, or as directed, before your colonoscopy.
